And What Have You

Continued from page 1

That surprise snow storm Sunday was something else wasn't it? It would be hard to guess just how many inches of snow we had because of the drifts. Abilene reported six inches and suppose that was about what we had here. We can not remember a snow storm with as big of drifts as we had this time.

We were fortunate that we got through the spell without any major accidents. The fact that it came on Super Bowl Sunday probably had a lot to do with the low rate of accidents. Most people probably had already made plans to stay home and therefore the traffic was not too heavy.

The snow storm proved again that the so called weaker sex is not always the weaker of the two sexes. We had five teachers in San Antonio this past week for a Drug Abuse Workshop in two cars.

They started home Sunday about the time the snow hit down in the hill country.

Two men, Marvin Carlton and Jerry Bodine, were in one car and three women, Mrs. Bill Shira, Mrs. Sam Ferguson and Mrs. Joe Wayne Carter, were in the other car.

It seems the two men gave up the fight in Mason and decided to spend the night and come on in Monday, while the three women just braved it on in, arriving here late Sunday evening.

The younger generation enjoyed the snow as many were out playing in it Sunday afternoon. Probably their only disappointment was that it cleared off enough to have school here Monday. Never have figured out for sure whether the kids like the snow to play in or whether they like the fact that they usually get to miss school when we have a good snow.

The annual BCD banquet will be held here Friday evening and we hope that you have made your plans to attend. A most entertaining speaker, Dr. Rex Paxton Kyker, has been secured for the program and you will also have an opportunity to hear the High School Stage Band play. Another big highlight of the program will be the naming of the top citizens of the year.

The BCD is your organization and the people elected as officers and directors need your support, so please take the time to attend this important banquet.

The 64th session of the Texas Legislature got underway in Austin Tuesday and most observers expect this session to be one of the busiest in some time. Last week we touched on one of the subjects that could keep this session busy—a utility commission—but this will be only one of the major issues to come up.

Probably secondary school financing will occupy about as much time for the Legislators as any one subject. Our whole system of public school financing needs to be completely overhauled during this session. The big question will be how this will be done. Anyway this question goes it will be expensive and while several methods of revisions have been proposed it is hard to know which will be the best route for the state to take.

With this session starting out with predictions of from \$1.5 billion to \$1.7 billion in surplus state revenues, the Legislators could still find themselves facing serious money problems, in the next session if not in this one.

The state has this surplus but because of inflation the demands for money are coming from every direction. The overall monies requested to date by all institutions

LETTER TO EDITOR

Thanks for Hospitality

Editor
The Hamlin Herald
Hamlin, Texas 79520
Dear Sir:

My daughter was stranded in Hamlin this past weekend on her way back to school in Austin with major car trouble, and I thought you should know what a wonderful impression the citizens of Hamlin made. Mr. Wells of the Exxon Station was so helpful and considerate, and Mrs. Wells even cooked a steak for Leslie. That is real Texas hospitality, and I wish to thank them publicly.

Yours truly,

Smith Resigns As County Attorney

Jones County Attorney A. J. Smith Jr. has submitted his resignation to the Jones County Commissioners Court following a grand jury resolution critical of his prosecution of misdemeanor criminal cases. The resignation was formally accepted by the commissioners at their meeting Monday and becomes effective Feb. 1.

County Judge Leon Thurman said Monday that the court will begin considering nominations for the position to be named sometime this month. Smith's successor would serve until new elections are held in 1976.

"As you are aware, I have been unable for health reasons to try criminal jury matters and that has resulted in a number of untied cases at this time," Smith told the court in his letter.

"We have in the past worked with some help from the District Attorney's office in disposing of these matters but his workload makes it impossible for him to offer further aid."

"Judge Thurman and I have tried for the past several months to secure help in the trial of these cases but it is now apparent that temporary aid cannot be obtained on a basis that is satisfactory to you and to

me," Smith continued.

Thurman said the number of untied jury cases, primarily bad checks, driving while intoxicated and appeals from justice of the peace court, totaled about 160.

"He's made us a good county attorney," Thurman said, adding that the recent publicity about those untied cases did not reflect on Smith's service to the county.

Thurman said the first job of the new county attorney will be to clear up the backlog and applicants will be requested to submit a way of doing that in addition to giving their qualifications for the job.

3 Seek Re-Election—

Board Calls Trustee Election Here April 5

The Board of Trustees of the Hamlin Independent School District called an election of Trustees for Saturday, Apr. 5, and approved a semester final exemption plan at their meeting here Monday evening.

The Board voted to hold the Trustee election in conjunction with the City of Hamlin Council election. Both elections will be held in the high school building. The terms of three trustees expire this year.

All three trustees whose terms expire filed for re-election at the close of meeting Monday. Seeking re-election are W. T. Johnson, board president; Cecil Sellers and James E. Rodgers. Anyone desiring to have their name placed on the ballot for trustee may do so by contacting Mrs. J. O. Murphree at the high school building. Mrs. Murphree will also serve as absentee clerk for the trustee election.

Mrs. Melvin Scott was named election judge for the joint election. Serving with her will be Melvin Scott and Mrs. Arlie Cassle. One more clerk is expected to be named.

The board approved a semester final exemption plan that would permit students to be exempted from semester finals if their

grades and attendance records meet certain requirements.

A student could be exempt from finals on the following basis: one absence and a grade of 70-79, two absences and a grade of 80-89, three absences and a grade of 90-94, four absences and a grade of 95-100. No exemption for five or more absences. Under the plan a student would be charged for only one day's absence when out several days because of illness.

The board also approved a maintenance contract with Johnson Service Company of Lubbock for the heating and cooling units at the high school building. The contract will cover a twice a year check on the units, one before the heating season and one before the cooling season. The maintenance service will cost the school \$1,296 a year.

The board also granted approval for a Prom to follow the annual Junior-Senior banquet.

In executive session, the board accepted the resignation of Leldon Clifton as Distributive Education teacher and hired Corky Taylor to fill the vacancy. Taylor has been teaching D.E. in the Kennedale Public Schools near Ft. Worth.

The board also hired Mrs. Donna Roseann Graham as migrant kindergarten teacher.

WOMEN'S LIB, MAYBE?—Changing from the usual snowman, Jan Ford and DeDe Young formed this snowwoman after Sunday morning's snow. Approximately six inches of snow fell here, starting after midnight. High winds caused drifts several feet high in places while the ground was bare in other spots. Central Avenue was cleared by grading Sunday morning.

FIFTY YEARS AGO
(January 16, 1925)

Jim Hensley, recently of Hill County is just finishing a nice four room residence on his new farm, two miles west of Hamlin. Mr. Hensley will find life in this glorious western country much more pleasant than down in the black wet belt.

TWENTY YEARS AGO
(January 14, 1955)

Rainfall in the Hamlin region wound up the year 1954 with 5.40 inches less than the 13-year average, it was revealed this week as tabulations for the years recordings at the government rain gauge operated by Bill Rountree, city water superintendent, at the city pump station are stationed.

An all-expense paid two-week trip to Havana, Cuba, was the award recently won by Mrs. Billy Joe Wilson, who is employed by the Farmers and Merchants National Bank at Abilene. She is the former Frankie Sue Madden, the daughter of Mr. and Mrs. Hollis Madden of Hamlin.

Lowest fire insurance rate in the history of Hamlin which became effective a few days ago, will mean savings of several thousands of dollars per year on insurance

premiums for property owners, it was announced this week.

TEN YEARS AGO
(January 14, 1965)

Payment of poll taxes is moving at a slow pace in Jones County. A. J. French, tax-assessor-collector, said Monday. Deadline to qualify as a Texas voter is Jan. 31.

and departments of state government total \$12.9 billion as compared with the current biennial budget of \$9.3 billion, an increase of 38 percent. And this does not include all of the demands for education.

The big problem facing the Legislators in predicting future revenues is that most of our current surplus comes from high sales tax collections caused by inflation and the increase in oil and gas production taxes and who can guess what these two items will do in the years ahead. With the nation's economy in the shape it is in it may be hard for the sales tax revenue to stay at the current high level. Big spending now could mean big taxes in the years ahead.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

NEWS FROM

McCAULLEY

By MRS. FRED KEMP

The snow gave us a nice surprise Sunday morning. All churches in McCauley were unable to conduct their regular services all day so we all really had a day of rest and relaxation. Farmers would have preferred another ten days to gather their scant cotton crops before the snow. Can't please everyone. However, it is a challenge to take whatever comes and make ourselves believe it was for the best.

McCauley 4-H'ers met in regular session Wednesday evening at 7:00 in the Home Economics Building. Fonda Jeffrey, president presided for a business session. Tammi Jeffrey called the roll and read the minutes. Mrs. Jackie Jeffrey presented a demonstration to the girls on Home Decorating Ideas. Jerry Jeffrey talked to the boys about Commodity Marketing of Sunflowers. Refreshments were served by Sheri McKinney. Recreation followed under the direction of Todd Jeffrey and Daren Jeffrey.

Mr. and Mrs. Armond Smith and Arvinelle spent the weekend in San Angelo with Mr. and Mrs. Eldon Allison. Mrs. Allison is the former Laverne Maberry.

Mrs. Levi McCollum was supposed to go to Seymour to be with the grandchildren while Mary Ann Pickens returned to Dallas for a check up on her recent eye surgery. The snow prevented her trip but Mary Ann and Jim made their trip and received a favorable report. They reported very little snow and

good roads on the trip. McCauley High School basketball teams played Paint Creek at McCauley Tuesday night. The girls lost and the boys won. Junior high teams played Lueders-Avoca Thursday night and the boys lost and the girls won. High School teams went to Rule Friday night and lost both games.

Mrs. Eldon Chambers, teacher's aide, resigned last week to return to John Tarleton University.

McCauley 4-H'ers and FFA'ers made a good showing with their livestock projects at the Fisher County Livestock Show. Fonda, Jana, Todd, Shiela, James, Daren, Tami and Brett Jeffrey showed beef cattle and all placed. Shiela and James won Grand Champion and Reserve Champion. Seven Jeffreys were showing in one class at one time. Max Kemp entered Swine and won Reserve Champion with a cross he had raised and placed four of his other 4-H Swine. James Kemp won Grand Champion with a Hampshire he had raised in FFA and won other places with his FFA pigs. Max Kemp won a first place with a FFA Lightweight Duroc and several other places with FFA pigs. Both Max and James have pigs entered in the Six County Show in Sweetwater this weekend and the Jeffreys plan to compete in the Sweetwater Show. Eldon Chambers if is FFA sponsor and advisor.

Police Chief Gives Report
On Department for Year

Hamlin Police Chief Ed
Wheat, in a year-end report,
said his department handled
1,225 calls during 1974. He
reported that the in-
vestigation of these calls
resulted in 101 persons
arrested.

Drunk in Public and
Disorderly Conduct were the
leading offenses leading to
the arrests. The local police
department filed 59 cases in
City Court and 42 of the of-
fenders were transferred to
the County Jail because of the
seriousness of the offense.

The Department only
handled 22 juveniles during
the past year.

Of the offenses reported to
the department, 107 were
considered to be serious with
64 cases cleared by arrests,
35 are still unsolved and eight
cases found to be unfounded
cases. Chief Wheat said that
his records indicate that
theft, burglary and drugs, in
that order, were the leading
cases filed.

The Department in-
vestigated 78 motor vehicle
accidents within the city
limits during the past year.
The majority of these were
during daylight hours and the
main causes, in order were:
failure to yield right of way,
improper backing and
following too closely. There

Fourth Grade
Makes Traffic
Safety Film

Fourth grade students in
Mrs. Sally Hastings class at
Hamlin Elementary have
produced a colorful filmstrip
for the Governor's Office of
Traffic Safety in Austin.

The film, called "The
Safest Show on Earth" was
produced by the children with
materials made available to
the public school system by
the Governor's Office of
Traffic Safety to help teach
pedestrian, bicycle and
passenger safety.

The student producers
created illustrations which
were reproduced on film and
returned to the school with a
pre-recorded sound track.
Each classroom partici-
pating in the program
produces its own show. The
filmstrip and recording
become the property of the
school for future use.

Officials at the Governor's
Office of Traffic Safety will
select artwork used in the
program for use in television
public service an-
nouncements to be released
in Spring, 1975.

NEWS AND VIEWS...

And What Have You

Continued from page 1

That surprise snow storm Sunday was something else wasn't it? It would be hard to guess just how many inches of snow we had because of the drifts. Abilene reported six inches and suppose that was about what we had here. We can not remember a snow storm with as big of drifts as we had this time.

We were fortunate that we got through the spell without any major accidents. The fact that it came on Super Bowl Sunday probably had a lot to do with the low rate of accidents. Most people probably had already made plans to stay home and therefore the traffic was not too heavy.

The snow storm proved again that the so called weaker sex is not always the weaker of the two sexes. We had five teachers in San Antonio this past week for a Drug Abuse Workshop in two cars.

They started home Sunday about the time the snow hit down in the hill country.

Two men, Marvin Carlton and Jerry Bodine, were in one car and three women, Mrs. Bill Shira, Mrs. Sam Ferguson and Mrs. Joe Wayne Carter, were in the other car.

It seems the two men gave up the fight in Mason and decided to spend the night and come on in Monday, while the three women just braved it on in, arriving here late Sunday evening.

The younger generation enjoyed the snow as many were out playing in it Sunday afternoon. Probably their only disappointment was that it cleared off enough to have school here Monday. Never have figured out for sure whether the kids like the snow to play in or whether they like the fact that they usually get to miss school when we have a good snow.

The annual BCD banquet will be held here Friday evening and we hope that you have made your plans to attend. A most entertaining speaker, Dr. Rex Paxton Kyker, has been secured for the program and you will also have an opportunity to hear the High School Stage Band play. Another big highlight of the program will be the naming of the top citizens of the year.

The BCD is your organization and the people elected as officers and directors need your support, so please take the time to attend this important banquet.

The 64th session of the Texas Legislature got underway in Austin Tuesday and most observers expect this session to be one of the busiest in some time. Last week we touched on one of the subjects that could keep this session busy—a utility commission—but this will be only one of the major issues to come up.

Probably secondary school financing will occupy about as much time for the Legislators as any one subject. Our whole system of public school financing needs to be completely overhauled during this session. The big question will be how this will be done. Any way this question goes it will be expensive and while several methods of revisions have been proposed it is hard to know which will be the best route for the state to take.

With this session starting out with predictions of from \$1.5 billion to \$1.7 billion in surplus state revenues, the Legislators could still find themselves facing serious money problems, in the next session if not in this one.

The state has this surplus but because of inflation the demands for money are coming from every direction. The overall monies requested to date by all institutions

IDLE FRIDAY—

Piperettes Lose District Lead To Coahoma Tues.

The Hamlin Piperettes dropped their first district ballgame Tuesday evening, losing to Coahoma, 50-47. Coahoma, undefeated in district play, moved into the district lead as the Piperettes dropped back to 4-1 in the first round of play. Cork with 11. Delbert Thompson was high for the Pipers with 10 points. Coahoma won the boys junior varsity game in overtime, 62-59, with Charlie Brown scoring 16 for Hamlin.

The Anson Tigers took a commanding lead in the first round of the boys district play here Friday when they edged out the Pipers in the final period of play, 65-62. Johnny Jones led the Pipers scoring with 23 points. He was followed by Delbert Thompson and Rick Craig each with 10 points. Others scoring were Tracy Rowland 9, William Brown 5, Gerald Rodgers 3, and Paul Reynolds 2.

3 Seek Re-Election—

Board Calls Trustee Election Here April 5

The Board of Trustees of the Hamlin Independent School District called an election of Trustees for Saturday, Apr. 5, and approved a semester final exemption plan at their meeting here Monday evening.

The Board voted to hold the Trustee election in conjunction with the City of Hamlin Council election. Both elections will be held in the high school building. The terms of three trustees expire this year.

All three trustees whose terms expire filed for re-election at the close of meeting Monday. Seeking re-election are W. T. Johnson, board president; Cecil Sellers and James E. Rodgers. Anyone desiring to have their name placed on the ballot for trustee may do so by contacting Mrs. J. O. Murphree at the high school building. Mrs. Murphree will also serve as absentee clerk for the trustee election.

Mrs. Melvin Scott was named election judge for the joint election. Serving with her will be Melvin Scott and Mrs. Arlie Cassle. One more clerk is expected to be named.

The board approved a semester final exemption plan that would permit students to be exempted from semester finals if their

grades and attendance records meet certain requirements.

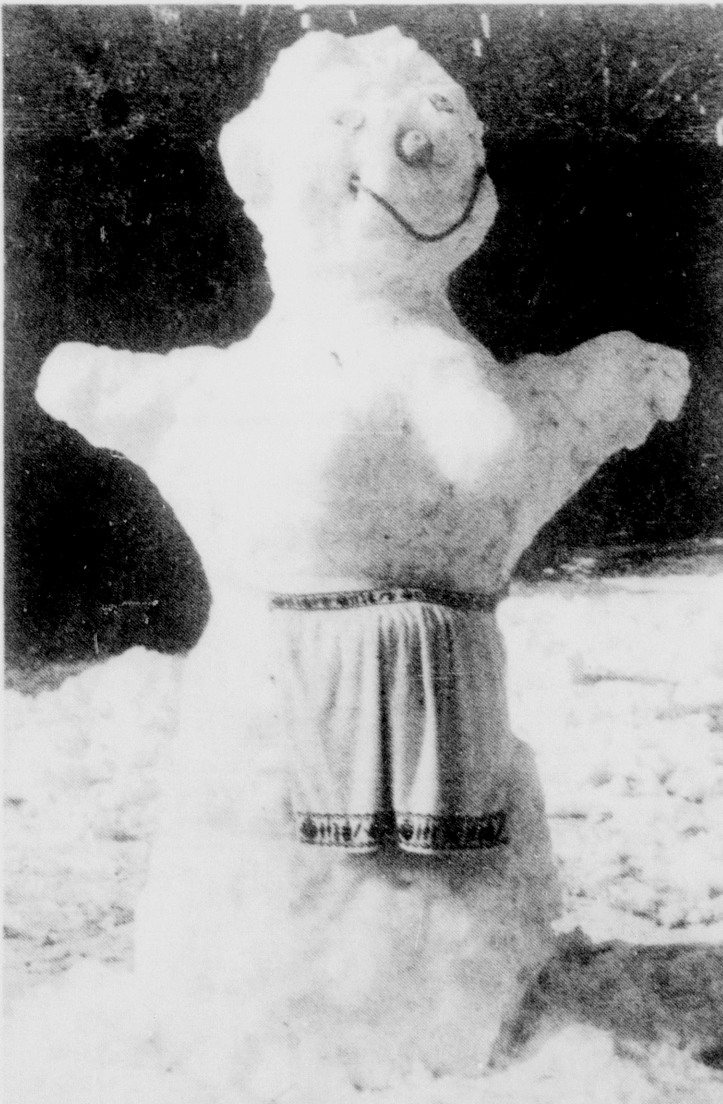

A student could be exempt from finals on the following basis: one absence and a grade of 70-79, two absences and a grade of 80-89, three absences and a grade of 90-94, four absences and a grade of 95-100. No exemption for five or more absences. Under the plan a student would be charged for only one day's absence when out several days because of illness.

The board also approved a maintenance contract with Johnson Service Company of Lubbock for the heating and cooling units at the high school building. The contract will cover a twice a year check on the units, one before the heating season and one before the cooling season. The maintenance service will cost the school \$1,296 a year.

The board also granted approval for a Prom to follow the annual Junior-Senior banquet.

In executive session, the board accepted the resignation of Leldon Clifton as Distributive Education teacher and hired Corky Taylor to fill the vacancy. Taylor has been teaching D.E. in the Kennedale Public Schools near Ft. Worth.

The board also hired Mrs. Donna Roseann Graham as migrant kindergarten teacher.

WOMEN'S LIB, MAYBE?—Changing from the usual snowman, Jan Ford and DeDe Young formed this snowwoman after Sunday morning's snow. Approximately six inches of snow fell here, starting after midnight. High winds caused drifts several feet high in places while the ground was bare in other spots. Central Avenue was cleared by grading Sunday morning.

Smith Resigns As County Attorney

Jones County Attorney A. J. Smith Jr. has submitted his resignation to the Jones County Commissioners Court following a grand jury resolution critical of his prosecution of misdemeanor criminal cases. The resignation was formally accepted by the commissioners at their meeting Monday and becomes effective Feb. 1.

County Judge Leon Thurman said Monday that the court will begin considering nominations for the position to be named sometime this month. Smith's successor would serve until new elections are held in 1976.

"As you are aware, I have been unable for health reasons to try criminal jury matters and that has resulted in a number of untried cases at this time," Smith told the court in his letter.

"We have in the past worked with some help from the District Attorney's office in disposing of these matters but his workload makes it impossible for him to offer further aid.

"Judge Thurman and I have tried for the past several months to secure help in the trial of these cases but it is now apparent that temporary aid cannot be obtained on a basis that is satisfactory to you and to

me," Smith continued.

Thurman said the number of untried jury cases, primarily bad checks, driving while intoxicated and appeals from justice of the peace court, totaled about 160.

"He's made us a good county attorney," Thurman said, adding that the recent publicity about those untried cases did not reflect on Smith's service to the county.

Thurman said the first job of the new county attorney will be to clear up the backlog and applicants will be requested to submit a way of doing that in addition to giving their qualifications for the job.

Smith, 65, said he had "threatened" to quit the post for several months because of an arterial blockage.

The special grand jury, which issued its resolution Dec. 31, had said that if Smith was unable to bring the cases to trial then he should resign.

Smith, who has practiced law in Anson since 1930, said he intends to continue in his private law practice.

"Frankly," he said, "I didn't realize that there was that much pressure to the office. I'm well satisfied to let someone else take over."

Smith was reelected twice to the position of County attorney, each time without opposition.

FROM THE FILES . . .

FIFTY YEARS AGO
(January 16, 1925)

One of the old land marks of Hamlin, The Horse Shoe Cafe, is no more. The owner, F. W. Gattis closed the cafe this week and sold the building to John T. Day & Son, who will use the building for a hardware storage house.

On every Monday morning the Dovie school will welcome all visitors to the chapel programs, beginning at nine o'clock. Prof. Pettijohn's room will entertain next Monday morning, Jan. 19th.

A county organization of the American Legion Auxiliary, similar to the one of the Legion, has been perfected. The county meetings will be held once every three months in either Hamlin, Anson or Stamford. This organization will mean much to the Legion and Auxiliary work in Jones County.

Jim Hensley, recently of Hill County is just finishing a nice four room residence on his new farm, two miles west of Hamlin. Mr. Hensley will find life in this glorious western country much more pleasant than down in the black wet belt.

A deal was closed Monday with King's Pharmacy whereby Mr. I. Z. Smith, of Plainview, becomes the new manager and owner. Here after the business will be known as Smith's Pharmacy.

TWENTY YEARS AGO
(January 14, 1955)

Rainfall in the Hamlin region wound up the year 1954 with 5.40 inches less than the 13-year average, it was revealed this week as tabulations for the years recordings at the government rain gauge operated by Bill Rountree, city water superintendent, at the city pump station are stationed.

An all-expense paid two-week trip to Havana, Cuba, was the award recently won by Mrs. Billy Joe Wilson, who is employed by the Farmers and Merchants National Bank at Abilene. She is the former Frankie Sue Madden, the daughter of Mr. and Mrs. Hollis Madden of Hamlin.

Lowest fire insurance rate in the history of Hamlin which became effective a few days ago, will mean savings of several thousands of dollars per year on insurance

premiums for property owners, it was announced this week.

TEN YEARS AGO
(January 14, 1965)

Payment of poll taxes is moving at a slow pace in Jones County. A. J. French, tax-assessor-collector, said Monday. Deadline to qualify as a Texas voter is Jan. 31.

and departments of state government total \$12.9 billion as compared with the current biennial budget of \$9.3 billion, an increase of 38 percent. And this does not include all of the demands for education.

The big problem facing the Legislators in predicting future revenues is that most of our current surplus comes from high sales tax collections caused by inflation and the increase in oil and gas production taxes and who can guess what these two items will do in the years ahead. With the nation's economy in the shape it is in it may be hard for the sales tax revenue to stay at the current high level. Big spending now could mean big taxes in the years ahead.

NEWS FROM
McCAULLEY

By MRS. FRED KEMP

The snow gave us a nice surprise Sunday morning. All churches in McCaulley were unable to conduct their regular services all day so we all really had a day of rest and relaxation. Farmers would have preferred another ten days to gather their scant cotton crops before the snow. Can't please everyone. However, it is a challenge to take whatever comes and make ourselves believe it was for the best.

McCaulley 4-H'ers met in regular session Wednesday evening at 7:00 in the Home Economics Building. Fonda Jeffrey, president presided for a business session. Tammi Jeffrey called the roll and read the minutes. Mrs. Jackie Jeffrey presented a demonstration to the girls on Home Decorating Ideas. Jerry Jeffrey talked to the boys about Commodity Marketing of Sunflowers. Refreshments were served by Sheri McKinney. Recreation followed under the direction of Todd Jeffrey and Daren Jeffrey.

Mr. and Mrs. Armond Smith and Arvinelle spent the weekend in San Angelo with Mr. and Mrs. Eldon Allison. Mrs. Allison is the former Laverne Maberry.

Mrs. Levi McCollum was supposed to go to Seymour to be with the grandchildren while Mary Ann Pickens returned to Dallas for a check up on her recent eye surgery. The snow prevented her trip but Mary Ann and Jim made their trip and received a favorable report. They reported very little snow and

good roads on the trip.

McCaulley High School basketball teams played Paint Creek at McCaulley Tuesday night. The girls lost and the boys won. Junior high teams played Lueders-Avoca Thursday night and the boys lost and the girls won. High School teams went to Rule Friday night and lost both games.

Mrs. Eldon Chambers, teacher's aide, resigned last week to return to John Tarleton University.

McCaulley 4-H'ers and FFA'ers made a good showing with their livestock projects at the Fisher County Livestock Show. Fonda, Jana, Todd, Shiela, James, Daren, Tami and Brett Jeffrey showed beef cattle and all placed. Shiela and James won Grand Champion and Reserve Champion. Seven Jeffreys were showing in one class at one time. Max Kemp entered Swine and won Reserve Champion with a cross he had raised and placed four of his other 4-H Swine. James Kemp won Grand Champion with a Hampshire he had raised in FFA and won other places with his FFA pigs. Max Kemp won a first place with a FFA Lightweight Duroc and several other places with FFA pigs. Both Max and James have pigs entered in the Six County Show in Sweetwater this weekend and the Jeffreys plan to compete in the Sweetwater Show. Eldon Chambers is FFA sponsor and advisor.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Police Chief Gives Report On Department for Year

Hamlin Police Chief Ed Wheat, in a year-end report, said his department handled 1,225 calls during 1974. He reported that the investigation of these calls resulted in 101 persons arrested.

Drunk in Public and Disorderly Conduct were the leading offenses leading to the arrests. The local police department filed 59 cases in City Court and 42 of the offenders were transferred to the County Jail because of the seriousness of the offense.

The Department only handled 22 juveniles during the past year.

Of the offenses reported to the department, 107 were considered to be serious with 64 cases cleared by arrests, 35 are still unsolved and eight cases found to be unfounded cases. Chief Wheat said that his records indicate that theft, burglary and drugs, in that order, were the leading cases filed.

The Department investigated 78 motor vehicle accidents within the city limits during the past year. The majority of these were during daylight hours and the main causes, in order were: failure to yield right of way, improper backing and following too closely. There

Fourth Grade Makes Traffic Safety Film

Fourth grade students in Mrs. Sally Hastings class at Hamlin Elementary have produced a colorful filmstrip for the Governor's Office of Traffic Safety in Austin.

The film, called "The Safest Show on Earth" was produced by the children with materials made available to the public school system by the Governor's Office of Traffic Safety to help teach pedestrian, bicycle and passenger safety.

The student producers created illustrations which were reproduced on film and returned to the school with a pre-recorded sound track. Each classroom participating in the program produces its own show. The filmstrip and recording become the property of the school for future use.

Officials at the Governor's Office of Traffic Safety will select artwork used in the program for use in television public service announcements to be released in Spring, 1975.

Singing Sunday

The Third Sunday Singing will be held Sunday afternoon at 2 p.m. at Calvary Missionary Baptist Church. Everyone is invited to attend.
